LOCATION/SITUATION/RESTRICTION OF DEVELOPMENT

Pathgreen farmhouse and steading is in a really beautiful quiet rural location. The four new house plots for sale, when developed and added to the four existing houses will create a hamlet of nine houses with a very quiet unclassified public road running through them. There will be two houses on the south side of the road eventually.

The houses will all have a lovely rural outlook with the lot 3 newbuild house having the best outlook with great views to the south, west and north.

The owners of the property for sale have made the unusual decision to dispense with two of the house plots which were consented by the planners so as to make the sale of the farmhouse and four house plots easier. This will provide much more space and better views for the remaining units. There is an existing consent for a newbuild house and a conversion house on the site being sold as LOT 2 and planning consent for the sale of two newbuild houses on the site of LOT 3.

The property will likely be sold for only five houses rather than seven unless there is demand for all seven. The likelihood is that missives will be concluded for the sale of the advertised five house plots restricting the future development for more than five houses.

LOT 1

LOT 1 - The Farmhouse

This stone built farmhouse is Schedule C listed as being a good example of a traditional Scottish farmhouse. It is constructed of stone and lime under slate roofs. The south facing main section of the house is one and a half storeys high. The north extension on the L-shaped house is built only on one floor with the kitchen and public room accommodation which has really attractive views to both the east and west. The accommodation is as follows:

The accommodation extends to approximately 282 sq m and comprises the following:

	+ (2.8 sq m)	
Ensuite	+ (4.9 sq m)	Dormer window to south east

Unit 3 (See appendix) has planning consent for a 2 bed cottage but the sellers suggest that it is not built and the solum of this consent is added to the farmhouse Lot 1 lands so that there is a better outlook to the west from the farmhouse.

LOT 2

This building is a great opportunity to convert an attractive stone barn into a characterful family house. The conversion of the 65 sq m round granary roundel at the west end of the building would provide a lounge “to die for” with windows to the south west and north.

The accommodation extends to approximately 304 sq m and comprises the following:

Ground Floor

Entrance Hallway		L-shaped with store and staircase to first floor

LOT 3 (See house layout appendix and appendix with consent for Units 4 + 5)

Fantastic newbuild house plot for a 5 bedroom 2 public room house + 1.75 acres

This plot sits out on its own and has more land available with it. This makes it the most valuable plot. It really does have fantastic views to the south, south west and north west and sits well away from the quiet public road.

The original planning consent was for two newbuild plots (Units 4 +5) on the site of a portal framed barn which would have to be demolished. The suggestion is that if only the north most house is built (Unit 5) then this will give more space between LOTS 1, 2 + 3 and make them all more marketable. The purchasers of this plot may however want to go back into planning and have the house redesigned.

Unit 5

The planning consent at present is for a 224 sq m house providing the following accommodation:

Ground Floor

Entrance Hall		Vaulted ceiling with 6 velux windows lighting, staircase and L-shaped hall
Living Room	(27.9 sq m)	French windows to south west, windows to north west. Fantastic views
Dining Room/bed 6	(16.2 sq m)	Patio doors to garden. Could be open plan with kitchen
Kitchen	(36.3 sq m)	Large room with double French doors to south west and windows to north east
WC/shower	(3.6 sq m)	
Bedroom 1 with wdrb	(9.7 sq m)	Window to south east
Bedroom 2	(10.7 sq m)	Window to north west – great views
Ensuite	(3.8 sq m)	Window to south east

First Floor

Landing and hallway		Two windows to south east
Bedroom 3	(115.8 sq m)	Built in wardrobe. Picture window to south
Ensuite	+ (5.1 sq m)	Window to north west – great views
Bedroom 4	(13.7 sq m)	
Jack and Gill Bathroom	(4.5 sq m)	
Bedroom 5	(12.9 sq m)	Window to north west – great views

LOT 4

This newbuild house plot is proposed to sit to the north of the farmhouse of plot 3. It will still have good views to the east and west.

The planning consent at present is for a 224 sq m house providing the following accomodation:

Ground Floor

Living Room	(27.2 sq m)
Kitchen/ Dining Room	(36.3 sq m)
Master bedroom with ensuite	(10.7 sq m) + (3.8 sq m)
Bedroom 2 with walk in wardrobe	(9.7 sq m)
Shower Room	(3.6 sq m)
Bedroom 3/office	(16.2 sq m)
Attached Double Garage	

First Floor

Bedroom 4 with ensuite	(19.2 sq m) + (5.1 sq m)
Bedroom 5 with walk in wardrobe	(12.9 sq m)
Bedroom 6 with walk in wardrobe	(10.3 sq m)
Bathroom	(5.1 sq m)

LOT 5 – Unit 9

This is a rare opportunity to purchase a part conversion part newbuild house plot which will have loads of character. It was originally the church hall. The original hall area has planning consent to be converted into the kitchen, dining room and lounge, all with a vaulted ceiling. With very little work the original hall would make a wonderful open plan living area. McCrae and McCrae Ltd staff expect to be invited to the house warming parties.

The accommodation extending to 198 sq m comprises the following:

Ground Floor

Entrance Vestibule

Open plan Kitchen/Dining/Living room in original church hall (47.8 sq m) + (28.3 sq m) Superb characterful room with vaulted ceilings, 3 large windows to north west, 1 large window to south east
